

Churches and Non- Profit Organizations

Hosting and Design Fees

God so loved the world, He gave his only son, and whoever that believes in Him shall not parish but have everlasting Life. John 3:16

Web 3:16 has been designed to serve you. We would like the opportunity to serve your ministry through helping you share God's Word with everyone. Please review the packages below and don't hesitate to ask questions. Building a site that is right for you is our goal as a company. Each church we serve has a unique appeal, and we will cater to your needs.

We offer three unique design packages to you accompanied by three unique hosting packages. These packages were created just with the needs of a ministry in mind. From a small church with only a few members, to Churches that are streaming on the web, we have a plan that will meet the demanding needs of your church, or agency.

Due to the customized nature of your web site, the design prices below are a starting place to get an estimate of what your web project would cost. The prices listed below are general per service. Our web site design pricing structure depends on many factors including but not limited to:

- the number of web pages required
- initial design or redesign
- graphic design characteristics
- extent of e-commerce programming
- and other script additions
- All text, graphics, pictures or video's that will be on the site will need to be submitted, via email, Flash Drive, or CD-ROM. All copyright material will be subject to copyright laws.

Web 3:16, LLC reserves the right to not publish questionable copyright material, to protect the publishing rights of the company.

Your design will occur over the course of 30 days from the initial meeting. On the first meeting you will be given a questionnaire to fill out about the plans you have for your site, including styles, and colors. We will also talk about the frame of your site: number of pages, content of pages, graphics, and text. Web 3:16, LLC will then create the site within two weeks. During this time you may need to generate text for the site.

Your next meeting will be two weeks after the first, to show you the site, and go over everything. If you would like to make changes, we will be able to do that. At this time we will finish the project, by adding text, graphics, video, ect.

All payments are rendered at the time of service

Design Packages

Lite- (350.00 up to 10 pages additional pages 30 per page).

Whether you're building your first site or seeking to improve the one you have, you can be online quickly – and inexpensively – with a Web presence that clearly communicates the vision and happenings of your business or association..

Design Features:

- Unique domain name
- 1 year of Domain management
- 400 + professional web designs
- On line/ Editor
- Integrated Goggle Analytics
- On line account management
- Costumer Support

Media & Social Tools

- Upload/share video
- Upload/share audio

Design plans do not include the hosting fee.

Essentials - (\$700.00 up to 20 pages, 30.00 for each additional page.)

For a website that goes beyond the basics, Essentials is an excellent choice. It's still simple to manage, but enhanced features enable more interaction among the business community. Your site can include discussion boards to facilitate communication – whether postings are made directly to a site or through a board administrator. Also with Connect Silver, access to certain pages can be restricted (such as "for members" only). In addition, animated graphics, unlimited pages and increased storage space allow for a more detailed site.

Design Features:

- All plans include:
- Unique domain name
- Domain management (Year 1 included)
- 400+ professional Web designs
- Online editor/content management
- Integrate with Google Analytics
- Online account management
- Ego-boosting customer support

Media & Social Tools

- Upload/share video
- Upload/share audio
- Unlimited blog/podcast channels
- Online photo albums
- Volunteer project management
- Online volunteer applications
- Publishing & Distribution
- Unlimited website members
- 5 user levels for access/editing
- Personalized content for individuals

Design plans do not include the hosting fee

Design Feature Cont.

Pro- (\$1500.00 up to 40 pages, 30.00 for each additional page.)

Pro can help you develop a more comprehensive community, which is an important need for multifaceted businesses and organizations. With this broader service, your communication can become more narrow and focused. You can target specific groups and direct your communication to the most relevant audiences. Users can also personalize their own page for the content that most meets their needs.

With dozens of available designs and all the easy-to-use tools your business or association can have the benefits of a traditional website without the cost. Whether you're redesigning your current site or creating a comprehensive Web community from scratch, it's easy with the Pro Plan.

Design Features:

- All plans include:
- Unique domain name
